

Summer 2011 Scholarship Application

Thanks to the gifts of several generous donors we now have a scholarship fund for children in our local communities who might not be able to afford a summer camp experience without assistance. If you would like to have these funds cover a portion of your registration fee for a camp this summer please fill out this application and send it in with a registration form letting us know what camp you would like to come to. We will review applications and get back to you in a timely manner.
